By order

Pramachandra Rao

for Secretary to Govt Law Dept.

Ge. 372-1 13.3.43. Gsh

Retransmitted with compliments:-

No contribution is now being paid by the District Boards towards the maintenance charges of District Hospitals. The quota of cost paid by District Boards is in respect of the maintenance charges of the Maternity or women's sections of Hospitals at District Head-quarters, as in the case of all other Maternity and women's Hospitals in the State. The question of waiving the contributions paid by the District Boards, if accepted, would result in increase of expenditure either to Government or Municipalities. I am of opinion that this important question may be considered by the Standing ~~Advisory~~ Committee for Local Self Government.

Thompkins

7301 / 40 Jan. (6)

Extract from the proceedings of the meeting of the Standing Committee for Local Self Government and the Departments of Medicine, Sanitation and Public Health held on 15th April 1943.

SUBJECT NO.9

Question of waiving the contribution paid by the District Boards towards the maintenance of maternity and Women's Hospitals in the State.

....

25) The Chairman said that the District Boards would have made out a better case, if they had asked relief from payment of contribution to the District Maternity hospitals

26) The Senior Surgeon said that this was a big question and the Municipal Councils and the District Boards could share the expenditure equally, excepting the pay of the Doctors and medicine charges, which are borne by Government

27) The Chairman said that it might be agreed that the contribution paid towards the maintenance of the District maternity hospitals by the local bodies might be waived altogether, the entire charges being met by the Government (1) and that in regard to the Local Fund Dispensaries, the charges might be borne by the District Board and the Municipal Council concerned in equal proportions. (4)

Final Note by the Minister for Local Self-Government and Public Health

Subject.—

(1) Waiving the contributions paid by the District Boards towards the maintenance of the District Maternity Hospitals in the State, and

(2) Meeting the charges in regard to the Local Fund Dispensaries by the District Boards and the Municipal Councils in equal proportions.

At present the maintenance charges of the Maternity or Women's Sections of Hospitals in District Head Quarters except Bangalore, Mysore and Mandya are being borne by the District Boards and the Municipal Councils in equal proportions as per Government Order No. G. 11950-70/Medl. 81-28-5 dated the 5th April 1940. In respect of Local Fund Dispensaries in Taluk Head Quarters and some interior Municipalities, the recurring cost is borne in the proportion of 1/3 and 2/3 by theMunicipality and District Board respectively and in respect of Local Fund Dispensaries in interior places where there are no Municipalities the entire recurring cost is met by the District Boards.

Several representations were received from time to time from the District Boards requesting that the contributions paid by them in respect of maintenance charges of Hospitals and Dispensaries in the urban areas might be reduced, as the strain on the finances of the District Boards has increased owing to the increased number of Dispensaries in the rural areas. This question was discussed at a meeting of the Standing Committee for Local Self-Government and the Departments of Medicine, Sanitation and Public Health held on 15th April 1943 when it was agreed that -

(1) contribution paid towards the maintenance of the District Maternity Hospitals by the local bodies might be waived altogether, the entire charges being met by the Government; and

(2) that in regard to the Local Fund Dispensaries, the charges might be borne by theDistrict Boardsand the Municipal Councils concerned in equal proportion.

The additional cost to be incurred by the Government if contributions paid by other Local Bodies in respect of the maintenance

maintenance charges of Maternity or Women's Sections of the District Hospitals were to be waived according to the above recommendation, would be Rs. 24,388-4-0.

Para 55 of 56 notes.

The Financial Secretary was not in favour of the proposal.

Para 58 of notes.

When the papers came to me, I minuted as follows:-

" I do not see why a distinction should be made between the expenditure incurred as regards the maintenance of men and women sections of the District Hospitals. The expenditure of men's section is met by Government while that of women's section is met solely by District Boards and not even shared by the Municipalities either. As is well-known the Boards have to meet an evergrowing demand for medical relief in rural areas, with their attenuated resources and they will be relieved to some extent of this burden if all the charges are met by Government. Hence in the interest of uniformity and equity the extra expenditure on the women sections may be met by Government. "

Z

The question was considered at a meeting of Council and the following resolutions were passed.

" (1) the contribution payable by the District Boards and Municipalities for the maintenance of the District Maternity Hospitals or Women's Sections in District Hospitals may be waived.

(2) The existing arrangements may continue as regards the sharing of charges of Local Fund Dispensaries by the District Boards and Municipal Councils. "

I solicit His Highness' gracious approval to the resolutions.

Bangalore,
19th October 1944.

H. B. Gurumurthappa

M I N I S T E R ,
Local Self-Government and Public Health.

Submitted to His Highness.

I submit herewith a Final Note by the Minister for Local Self-Government and Public Health on the subject of the proposal to waive the contributions paid by the District Boards towards the maintenance of the District Maternity Hospitals in the State, and to meet the charges in regard to the Local Fund Dispensaries by the District Boards and the Municipal Councils in equal proportions, for His Highness's gracious approval.

MINISTER FOR PUBLIC WORKS & INDUSTRIES

- - -

With reference to your letter No.G.884/Med. dated the 13th July 1942, I have the honour to forward herewith a statement showing the amount contributed by the respective District Boards and Municipalities for the maintenance of all the Local Fund and Rural Dispensaries in the State. Information regarding the amount contributed by the Village Panchayets is not forthcoming in this office as according to existing Government Orders, it is only the District Boards and the Municipalities who have to bear the recurring cost of maintenance in certain agreed proportions. Whenever any contributions are received from the Village Panchayets, they are credited to the District Boards who are primarily responsible for the payment of their quota of contribution to Government.

No. C.1060-1
Encls. 113

OFFICE OF the Chief Medical Officer,
Women's Hospitals in Mysore,
Bangalore.

Date 29th Feb-1944.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Law Department, Bangalore.

Sir,

With-reference to your letter No.M.6928/Med.101-43-2 dated 25-1-1944, forwarding an extract from the address presented to the Dewan by the Kadur District Board on 5-12-1943 during his visit, for my remarks, I have the honour to state that if this particular District Board is exempted from the payment of maintenance charges of the Maternity hospitals, I am afraid, it will create a precedence to the other District Boards also. Some of the other District Boards also have already begun to say that their financial resources are limited etc. There is no doubt that there are many inconveniences in getting the supplies to the maternity hospitals from the payment of quota of the concerned Local Bodies. For instance, it is seen from my annual inspections, that the supply of linen to many of the maternity hospitals and maternity homes has not been made for the last several years and to some, supply has been made only at the starting of the maternity hospital and not after that. Even the annual white-washing has not been done to some of the institutions for many years. Some equipment payable by the Local Bodies is usually sanctioned at the starting of an institution and it is not supplemented according to the growth of the institution afterwards. In some of the district head-quarter hospitals, the menial servants attached to the Maternity section are not given uniforms because the Local Bodies bear the expenditure of this section. It is strange to see half of the district hospitals different from the other half. One half having linen and uniform supplied regularly and the grants increased according to the growing needs and the other half left unattended for several years. This creates a feeling in patients, public and nurses and doctors that the women patients are of less

importance. Maternal mortality, on the other hand, is very high. If the District Boards are helped by maintaining all the maternity hospitals in their districts entirely out of State fund, it will result in very heavy expenditure to Government. It is not possible nor desirable to maintain all hospitals in the districts entirely by State funds. Further, there are proposals and there is a necessity for establishing more combined dispensaries in the State, as at present about 80 per cent of the women have no trained help during child birth and there are several areas where for many miles medical examination for women by women doctors is not available while medical aid for men is readily obtainable. I am of opinion, therefore, that the concession in question only to Kadur District should not be granted, but urge very strongly that they should continue paying their quota of cost. The cost for maintaining the maternity hospitals attached to the district headquarters hospitals may be met out of the State funds as in the case of Men's section and for these, the District Boards may be exempted from the payment of their quota so that no difference is made between treatment of men and women and also the treatment and comfort of women patients is not delayed by waiting for grants from the different bodies. In places other than district headquarters, the cost of maintenance of the maternity hospitals should be met out of the State funds in the first instance, the quota from the Local Bodies being fixed and collected by Government and any increased expenditure over that according to the growing needs being met out of the State funds as in the case of the Maternity Hospitals at Kolar Gold Field and Chickmagalur (vide Government Orders No.G.7780-3/Med.114-35-6 dated 25-3-1938 and G.7546-9/Med.280-33-5 dated 9-2-1935 respectively).

I have the honour to be,
Sir,
Your most obedient servant.

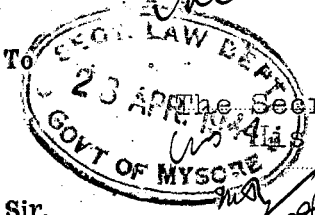
No. C-1660-4

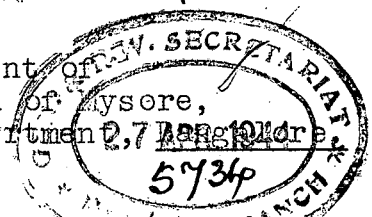
Encls. One

OFFICE OF the Chief Medical Officer,
Women's Hospitals in Mysore,
Bangalore.

Date 24-4-1944



To The Secretary to the Government of
His Highness the Maharaja of Mysore,
Law Department,
Bangalore.



Sir,

With reference to your letter No.M.8414/Medl. dated 27th March 1944, forwarding an extract from the proceedings of the meeting of the Standing Committee for Local Self-Government and the Departments of Medicine, Sanitation and Public Health, and requesting to intimate the additional expenditure to Government, if contribution paid by the Local Bodies in respect of the maintenance charges of the Maternity or Women's Sections of hospitals in District headquarters is waived, I have the honour to forward herewith a statement showing the details for the expenditure. If contribution paid by the Local Bodies is waived, the additional expenditure to Government will be Rs.30,388-4-0 as detailed in the statement.

The expenditure on this account for the hospitals at the following District headquarter places is already met by Government in full.

1. Bangalore.
2. Mysore.
3. Mandya.

I have, for this purpose, taken Kolar Gold Field also as a District headquarter and included in the statement a sum of Rs.6,000/- payable by the Sanitary Board in a lumpsum towards the maintenance charges of the Maternity Hospital, Kolar Gold Field. In this connection, I may state that as the majority of the patients treated in this hospital are the relatives and dependants of the persons employed by the several Mining Companies, the lumpsum contribution payable by the Sanitary Board may be continued.

If the lumpsum grant payable by the Sanitary Board, Kolar Gold Field, is continued, the additional expenditure to Government will be Rs.24,388-4-0 as against Rs.30,388-4-0 noted above.

I have the honour to be,
Sir,
Your most obedient servant,

CHIEF MEDICAL OFFICER.

CHIEF MEDICAL OFFICER,
WOMEN'S HOSPITALS IN MYSORE, BANGALORE.

(10 copies)

Proceedings of the Govrnment of His Highness the Maharaja of Mysore.

Read:-

G.O. No.G.11950/70/Med.81-28-5 dated 5th April 1930 directing that in respect of all Maternity Hospitals to be opened in future one-half of the recurring expenditure excepting the pay of the Lady Doctor and the cost of Europe Medicines should be borne by the local Municipalities/Council and the other half by the District Board.

2. Correspondence ending with letter No.C.3122-32 dated 13-11-1943 from the Senior Surgeon forwarding statement showing the amounts contributed by the respective District Boards and Municipal Councils for the maintenance of the L.F. Dispensaries in the State.

3. Correspondence ending with letter No.C.1060-7 dated 27-4-1944 from the Chief Medical Officer stating that she is of opinion that the cost for maintaining the maternity hospitals attached to the District Headquarters Hospitals may be met out of the State funds as in the case of Men's section and for these, the District Board may be exempted from the payment of their quota so that no difference is made between treatment of men and women and also the treatment and comfort of women patients is not delayed by waiting for grants from the ~~District Boards~~ different bodies and forwarding a statement showing contributions paid by District Boards and Municipal Councils in respect of District Hospitals.

ORDER NO. M4430-49/Med.101-43-6 9:8-44.

At present the maintenance charges ~~of the~~ of the Maternity or Women's Sections of

Hospitals in District Head Quarters except Bangalore, Mysore and Mandya are being borne by the District Boards and the Municipal Councils in equal proportions as per Govt. Order dayed 5th April 1930 read above. In respect of L.F. Dispensaries in Taluk Head Quarters and some interior Municipalities, the recurring cost is borne in the proportion of 1/3 and 2/3 by the Municipality and District Board respectively and in respect of L.F. Dispensaries in interior places where there are no Municipalities the entire recurring cost is met by the District Boards.

Several representations were received from time to time from the District Boards requesting that the contributions paid by them in respect of maintenance charges of Hospitals and Dispensaries in the urban areas might be reduced ~~has increased~~, as the strain on the finances of the District Boards has increased owing to the increased number of Dispensaries in the rural areas. This question was discussed at a meeting of the Standing Committee for L.S.G. and the Departments of Medicine, Sanitation and Public Health held on 15th April 1943 when it was resolved ~~agreed~~ that -

(1) contribution paid towards the maintenance of the District Maternity Hospitals by the local bodies might be waived altogether, the entire charges being met by the Government; and

(2) that in regard to the L.F. Dispensaries, the charges might be borne by the District Boards and the Municipal Councils concerned in equal proportion.

The additional cost to be incurred by the Government if contributions paid by ~~other~~ Local Bodies in respect of the maintenance charges of Maternity or Women's Sections of the District Hospitals were to be waived according to the above recommendation, would be about Rs.24,388-4-0.

After consideration of the matter in all aspects of the case, Government are pleased to

(15)

direct (1) that the contribution payable by the District Boards and the Municipalities for the maintenance of the District Maternity Hospitals or Women's Sections in the District Hospitals be waived and (2) that the existing arrangements be continued as regards the sharing of charges of L.F. Dispensaries by the District Boards and Municipal Councils, ~~the existing~~ the extra ~~cost~~ expenditure ~~on this account~~ will be met out of the savings in the current year's budget of the Medical Department, ~~as far as~~ if it is not possible, ~~the Chief Medical Officer is requested to submit~~ actual proposals for an additional grant ~~that~~ may be required for the year 1944-45. ~~May be submitted~~

4. This order will come into effect from 1st April 1944.

At present, the maintenance charges of the Maternity or Women's Sections of Hospitals in District Headquarters except Bangalore, Mysore and Mandya are being borne by the District Boards and the Municipal Councils in equal proportions as per Government Order dated 5th April 1930 read above. In respect of Local Fund Dispensaries in Taluk Headquarters and some interior Municipalities, the recurring cost is borne in the proportion of 1/3 and 2/3 by the Municipality and District Board, respectively, and in respect of Local Fund Dispensaries in interior places where there are no Municipalities the entire recurring cost is met by the District Boards.

2. Several representations were received from time to time from the District Boards requesting that the contributions paid by them in respect of maintenance charges of Hospitals and Dispensaries in the urban areas might be reduced as the strain on the finances of the District Boards has increased owing to the increased number of dispensaries in the rural areas. This question was discussed at a meeting of the Standing Committee for Local Self-Government and the Departments of Medicine, Sanitation and Public Health held on 15th April 1943 when it was resolved that—

(1) Contribution paid towards the maintenance of the District Maternity Hospitals by the local bodies might be waived altogether, the entire charges being met by the Government; and

(2) that in regard to the Local Fund Dispensaries, the charges might be borne by the District Boards and the Municipal Councils concerned in equal proportions.

The additional cost to be incurred by the Government if contributions paid by local bodies in respect of the maintenance charges of Maternity or Women's Sections of the District Hospitals were to be waived according to the above recommendation, would be about Rs. 24,388-4-0.

3. After a consideration of all aspects of the case, Government are pleased to direct (1) that the contribution payable by the District Boards and the Municipalities for the maintenance of the District Maternity Hospitals or Women's Sections in the District Hospitals be waived and (2) that the existing arrangements be

continued as regards the sharing of charges of Local Fund Dispensaries by the District Boards and Municipal Councils. This order will come into effect from 1st January 1945. The extra expenditure devolving on the Government will be met out of the savings in the current year's budget of the Medical Department and if this is not possible, proposals for an actual additional grant that may be required for the year 1944-45 may be submitted.

N. S. HIRANNAYYA,
Secretary to Government,
Education Department.

To—The Senior Surgeon in Mysore.
The Chief Medical Officer, Women's Hospitals in Mysore.
The Comptroller to Government through the Financial Department.
The Deputy Commissioners of Districts.
The Presidents of District Boards.
